

## A 10x10 grid of colored squares. The colors are arranged in a gradient from left to right. The leftmost column is red. The next column is orange. The third column is yellow. The fourth column is green. The fifth column is blue. The sixth column is purple. The seventh column is pink. The eighth column is light blue. The ninth column is light green. The tenth column is light yellow. The colors transition smoothly between columns, with some squares showing a mix of colors.
